Greetings COE Students,

With the end of the semester quickly approaching, we would like to take the opportunity to remind you of some very important information regarding the upcoming implementation of the Tk20 student fee.

As you may recall, we sent out an E-mail in September outlining the administrative decision to grant a refund to those who had been charged the $125 Tk20 fee for the fall semester, due to the fee being assessed after the date of financial aid disbursement. A copy of this E-mail is available on the COE Tk20 website for your reference.

Although this fee was removed from your account to accommodate for the technical issues we experienced with its implementation, we emphasized in the E-mail that the fee will be reinstated for the Spring 2013 semester and all students admitted and enrolled for Spring 2013 courses will be reassessed the one-time $125 fee. The technical issues we encountered this semester have been resolved and we are working closely with the UNM Bursar’s Office to ensure that this required fee is included as part of your total cost of attendance and will be submitted in time to be processed well in advance of financial aid disbursement.

As we have mentioned in previous communication regarding Tk20, it is important to remember that the Tk20 fee is financial aid eligible. Detailed information regarding Tk20 and financial aid is available on the FAQ page of the COE Tk20 website. This page also provides information on support available for those who have extremely challenging and extenuating financial circumstances.

As we move closer to Spring 2013 registration and the end of the fall semester, we encourage you to reach out to our Tk20 support staff and department contacts should any questions arise regarding the Tk20 system or the one-time fee. We are here to support you in any way we can as you become more familiar with the Tk20 system and the benefits it holds for your career and professional advancement. We truly appreciate your continued accommodation and patience as we work to fully implement Tk20 at the College of Education.

Enjoy a safe, relaxing Thanksgiving holiday.

Sincerely,

Dr. David Scott
Associate Dean for Research
