Student Release Form for Photographs and Videotaping

Dear Parent/Guardian:

The Summer Youth Sports Program staff would like to create a series of photographs and video-recordings to display the benefits of summer participation in this program. The intent of the photographs and videos is to document the educational benefits of participation in sports, physical activity and classroom learning activities that encourage healthy behaviors. In the course of taping or shooting photographs, your child may appear in the tape or photograph. The videos and photos will be used only as a means to visually record the activities provided in this program and will not be sold for commercial profit.

Sincerely, ________________________________
